- Fam Ashraf Soliman Siha -

Frontend Web Developer

Egypt, Assiut • +201010145972 • famashraf9@gmail.com • linkedin.com/in/fam-ashraf-99b41a1b3

ABOUT

Aspiring Frontend Developer with hands-on experience in building responsive web applications using modern frameworks like React. Skilled in problem-solving, collaboration, and delivering user-centric solutions through robust technical knowledge and practical project experience.

WORK EXPERIENCE

Self-Employed | Remote   04/2024 – 10/2024

- Designed and developed responsive websites for small businesses, ensuring seamless user experiences across all devices.
- Collaborated with clients to translate requirements into visually appealing and functional designs using HTML, CSS, JavaScript, and React.
- Optimized website performance, resulting in improved load times and enhanced SEO rankings.
- Delivered projects on time, earning positive feedback and repeat clients.

PROFESSIONAL CERTIFICATES

ALX Africa Software Engineering Program   08/2023 – Present

- Supported staff members in their daily tasks, reducing workload burden and allowing for increased focus on higher-priority assignments.
- Completed a 12-month intensive learning journey with a focus on full-stack development.
- Key Learning and Projects:
    - Git & GitHub: Proficient in version control and collaborative coding.
    - C Language: Developed a project titled "Simple Unix Shell".
    - Python: Implemented OOP concepts and unit tests; built an "Airbnb Clone" website.
    - Shell and Bash Scripting: Skilled in scripting for automation and task management.
    - MySQL: Competent in database design, management, and querying.

Meta Front-End Developer Professional Certificate   06/2022 – 01/2023

- Create a responsive website using HTML to structure content, CSS to handle visual style, and JavaScript to develop interactive experiences.
- Learn Bootstrap CSS Framework to create webpages and work with GitHub repositories and version control.
- Learn to use React in relation to JavaScript libraries and frameworks.
- Prepare for a coding interview, learn the best approaches to problem-solving, algorithms, data structures and build portfolio-ready project

EDUCATION

Assiut University   2019 – 2023
Bachelor of Science, Computer Science
Grade: Very Good, CGPA: 3.1

SKILLS

Technical Skills

Web Development:

- HTML 5, CSS 3
- JavaScript
- Python
- Bootstrap
- Rest Api / GraphQl
- React / Redux

Version Control:

- Git , GitHub

UI / UX Design:

- Figma
- Photoshop
- Microsoft office

Soft skills :

- Problem-Solving
- Teamwork and Collaboration
- Quick Learner
- Attention to details
- Time management

LATEST PROJECTS

E-commerce Website Project
Developed a fully responsive E-commerce website with 5 key pages: landing page, login page, product page, cart page, and checkout page. Utilized HTML, CSS, JavaScript, and Bootstrap to ensure a seamless user experience across all devices. The site is optimized for search engines, enhancing its visibility and performance.

- Github : https://github.com/Famashrafs/e-store

Pizza Restaurant Website Project
Created a one-page website for a pizza restaurant using React, HTML, and CSS. The project showcases a dynamic and engaging user interface tailored to highlight the restaurant's offerings, with a focus on smooth navigation and an intuitive design.
- Demo : https://pizza-website-taupe.vercel.app/
- Github : https://github.com/Famashrafs/Pizza-Website

Travel Website Project:
Travelize is a fully responsive travel platform built with React, featuring login functionality, a personalized dashboard, and dynamic map integration for journey planning. It allows users to explore destinations, share travel experiences, and create customized itineraries. The website also includes a blog section, hotel recommendations, and a vibrant community for travelers.
